Great, thank you so much! I really appreciate your assistance!

If you're interested, I recently did a few segments for NRA News called "Curator's Corner" where we discuss museum firearms. My first segment is at the link below and the next one will be up in the next few weeks.

Thanks again for your help.

Best,

Andrew

Hello Andrew,

Yes, I do remember you. Let me send you the syllabus from my class last spring. It will have many of the readings we used in your class, but also some newer readings you might find useful. If you still need the one from 2012, let me know. I hope all is well with you aso.

Dr. Crew,

I hope you are well. I'm not sure if you remember me, but I took your museum studies class in the spring of 2012. I've recently started in a position with the National Firearms Museum in Fairfax and I was hoping to go back to some of the readings that we had in that class. Would it be possible to get a syllabus from your museum studies class so I can go find them on Amazon (unfortunately I rented the books during class, so I had to return them to the bookstore when class was over).

Thanks again for your help.

Best,
